

Curriculum Vitae

Name Anna Maria Maddux
Adress Gloristr. 88, 8044 Zürich Switzerland
E-Mail amaddux@student.ethz.ch
Phone +41(0)782381100

Education

- | | |
|------------------------------|--|
| Since September 2019 | ETH Zürich, Zürich
Master of Science, Statistics <ul style="list-style-type: none">• Master's Thesis: Behaviour Estimation in Dynamic Games (https://www.research-collection.ethz.ch/handle/20.500.11850/485983)• Courses: Fundamentals of Mathematical Statistics, Optimization for Data Science, Advanced Machine Learning, Computational Statistics |
| October 2015 - March 2019 | Albert Ludwig University of Freiburg, Freiburg
Bachelor of Science, Mathematics, grade point average : 1.5 <ul style="list-style-type: none">• Bachelor's Thesis: "Symmetric Random Walks and a Generalization of the Borel-Cantelli Lemma"• Courses: Markov Chains, Probability Theory, Numerical Analysis |
| October 2013 - February 2019 | Albert Ludwig University of Freiburg
Bachelor of Science, Economics, grade point average: 1.3 <ul style="list-style-type: none">• Bachelor's Thesis: "Hyperparameter Optimization of Neural Networks: Grid Search versus Random Search"• Courses: Game Theory, Business Intelligence, Monetary Policy |
| September 2010 - Juli 2013 | Montessori Gymnasium Angell, Freiburg
Abitur, grade point average: 1.7 |

Experience

- | | |
|--|--|
| May 2021 - July 2021 | ETH Zürich - Automatic Control Laboratory (IfA): Research Assistant <ul style="list-style-type: none">• Develop an efficient method to infer agents' utilities from their observed behaviour via a game-theoretic framework |
| February 2020 - May 2020 and October 2014 - March 2016 | ETH Zürich and Albert Ludwigs University Freiburg: Teaching Assistant <ul style="list-style-type: none">• Revising lecture contents (Analysis II at ETH and Microeconomics I and II in Freiburg) in weekly seminars |

April 2019 - August 2019	Advanced Analytics & Big Data at Daimler Benz: Internship, Stuttgart Involved in the use case "Intelligent QGates in Production": applying data processing and machine learning methods to make fault detection more efficient and reliable
January 2019 - February 2019	Dr. Christoph Hoffmann, Member of the German Parliament (FDP): Internship, Berlin Conducted research in the field of economic cooperation and development on topics such as "Reforestation of rainforests" and "Allocation of Official Development Assistance funds"

Extracurricular

September 2019 - November 2019	Hack4Good (Analytics Club), Zürich - Supported the NGO 'Impact' on the analysis of price data in Syria for effective delivery of cash-based assistance - Implemented a framework that classifies price changes as trends, volatile or stable within a time window
Since April 2018	Young Liberals (Junge Liberale e.V.), Freiburg and Berlin Member of the federal task force "Artificial Intelligence": Determining the status quo of Artificial Intelligence and defining positions on it of the Liberal Party (FDP). Development of new proposals.
August 2016 and September 2017	Alliance Francaise, Montpellier, France, and New York, USA 2-week French intensive course, Level A1/A2
March 2017 - March 2018	Start with a Friend (organization supporting refugees), Freiburg Helped a refugee from Afghanistan integrate into German society
2011 - 2012	Model United Nations, Leiden, Netherlands Definition of strategies to fight extreme poverty and hunger

Awards and Scholarships

Since March 2020	Accenture Female Talent Program
Since October 2017	Fellow of the Friedrich Naumann Foundation for Freedom

Languages

Languages	English (mother tongue), German (mother tongue), French A2, Latin
Programming language	Python (Pandas, Numpy, Keras, Scipy), Matlab, R, Latex
